

## Installation:

1. Double-click on “directory-warrior.exe” and the following screen will appear:

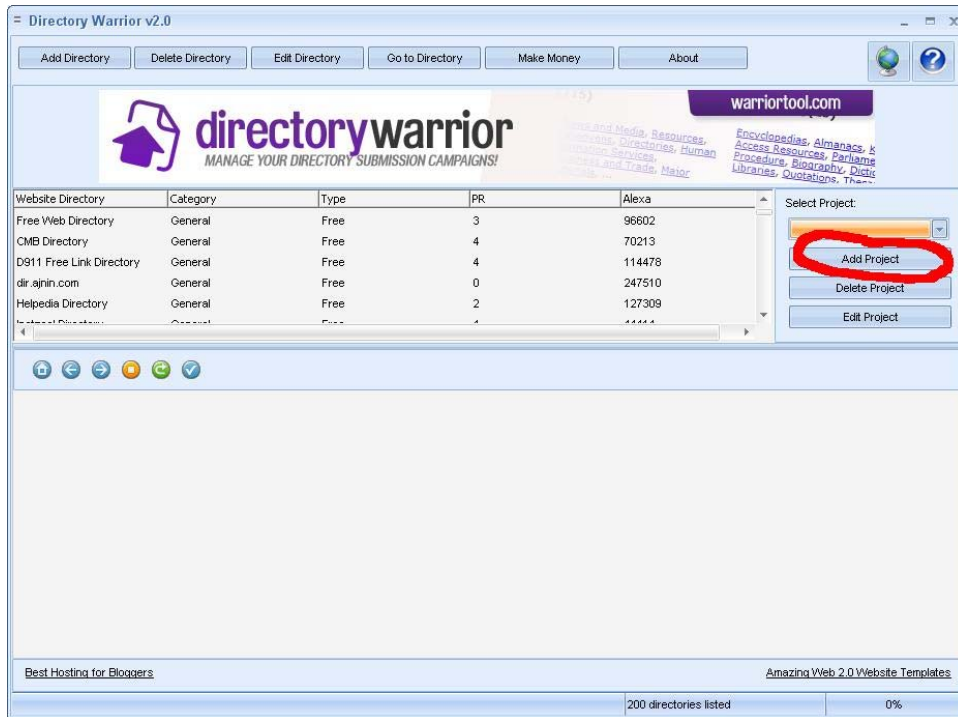

2. Go through the installation process and once you're done, select the “Launch Directory Warrior” option and click “Finish”.

3. FOR WINDOWS VISTA USERS: [Please check this video](#) for an additional step to complete in order to use Directory Warrior on your computer.

## Using Directory Warrior

1. Click on “Add Project” on the right side of Directory Warrior:

2. Fill in all the required information and click “OK”.

**Add Project**

Project Name: Profit Blogger

Personal Information Website Information

URL: http://profitblogger.com

Reciprocal URL: http://profitblogger.com

Specify the titles, one per line. It will be posted in this order:

Profit Blogger

Specify the descriptions, one per line. It will be posted in this order:

Making Money Blogging The Easy Way

Specify the keywords, one set per line. It will be posted in this order:

blogging  
internet marketing

Ok Cancel

3. Back in the main window, double click on the directory name which you want to submit your link to. It is recommended that you sort the directories by PR (highest to lowest) and start from there.
4. The directory's page will open up in the bottom window. Find and click on the submit link.
5. Once you've reached the submit page, click on the tick button as shown below and your website's information which you have entered earlier will automatically appear:

Directory Warrior v2.0
